## COVID-19 Screening Questionnaire, August 2020

This tool is intended to assist parents every morning in determining if a student should be kept at home due to the onset of flu-like symptoms. This screening tool is intended to assist in decision-making regarding school entrance, it is not a medical diagnosis or clinical judgement. School staff will also use this screening tool to assess the onset of any flu-like symptoms observed in students who are already present at the school. All school staff are required to complete this self-screening before coming to school each day, and to advise the Administration if they are unable to work due to the onset of concerning symptoms.
